

8+1 synQUAD-Based Protein Crystallography System

6PCSDAXL-00

HoneyBee Sitting drop

8+1 Passive XL system
with 8 synQUAD pumps

The HoneyBee 8+1 Passive XL System includes computer and software, remote terminal controller, humidity control, vacuum pump, bottle, fittings and tubing, and line cord.

The HoneyBee 8+1 Active XL System secures plates to base using air and also includes compressor.

8+1 synQUAD-Based Protein Crystallography System

6PCSDBXL-00

HoneyBee 81

8+ 1 Active XL system
with 8 synQUAD pumps

16+1 synQUAD-Based Protein Crystallography System

6PCSDCXL-00

HoneyBee 161

16+1 Active XL System
with 16 synQUAD pumps

The HoneyBee 16+1 Active XL System includes the same as the 8+1 Active system, but uses 16 synQUAD channels.

X8 synQUAD-Based Protein Crystallography System

6PCX8-00

HoneyBee X8

HoneyBee Consumables and Accessories

6PC963XL-01

Honeybee 963 upgrade kit
*Field upgrade of a
Honeybee 961 to a 963*

6PC961RP-01

Syringe, replaceable needle, "NON" PTFE coated, 100µL

6PC961RP-02

Syringe, replaceable needle, "NON" PTFE coated, 100µL, 10 units

6PC961RP-03

Syringe, replaceable needle, "NON" PTFE coated, 100µL, 100 units

6PC961RP-04

Syringe, with replaceable needle, "NON" PTFE coated, without plunger

6PC961RP-05

Replacement plunger for 100µL syringe

6PC961RP-06

Needle assembly, "NON" PTFE coated, with Teflon plug

6PC961RP-07

Needle assembly, "NON" PTFE coated, with Teflon plug, 10 units

6PC961RP-08

Needle assembly, "NON" PTFE coated, with Teflon plug, 100 units

6002B030-15

1.5" Non Loop Tubing 17.4UL 1.5 ASSY

The HoneyBee X8 includes computer and software, handheld remote controller, humidity control, vacuum pump, tubing, fittings, and line cord.
